EDUCATION

Bachelor of Technology (B.Tech) in Artificial Intelligence and Data Science

University School of Automation and Robotics

📅 2021 – Present

📍 Delhi

- 9.19 CGPA

Intermediate/ + 2

St.George's School

📅 2019-2021

📍 Delhi

- 94.2%

Matriculation

St.George's School

📅 2007-2019

📍 Delhi

- 89%

COURSES

Web Development Training

Udemy, Delhi

📅 August 2022 - November 2022

- Completed MERN stack development with front-end and back-end technologies including MySQL.

Data Structure and Algorithm in Python

NPTEL, Delhi

📅 July 2022-September 2022

- Basic understanding of concepts on Data Structures and Algorithms and it's real life applications.

SKILLS

- **Languages:** C, C++, Java, Python, R, Javascript, Typescript
- **Databases:** PostgreSQL, MySQL, MongoDB,
- **UI Framework/Technologies :** CSS, HTML, Bootstrap, Javascript, ReactJs, NextJs, Tailwind
- **Other skills:** Data Structures and Algorithms, Object Oriented Programming systems(OOPs), Computer Networking, Artificial Intelligence, Operating Systems, DBMS, Machine Learning, Deep Learning, Software Development, Github
- **Soft Skills:** Leadership, Communication, Time- management, Critical thinking, Network-building, Creative thinking

PROJECTS

Airbnb clone

Self - Learning Project

📅 March 2023 - April 2023

- Works like Airbnb , user can add , delete properties and also can book property for visiting purpose.
- techstack : reactjs, typescript, mongodb, Tailwind.
- The working link of the project : <https://ab-clone-archit241001-gmailcom.vercel.app/>

Machine learning project

Share Market Trend Predictor

📅 July 2023 - August 2023

- Implemented Deep Learning model that can predict the market trend, it based on data available till august 2023.
- Trend prediction accuracy upto 90% .
- The working link of the project : <https://stock-market-predictor-archit.streamlit.app/>

CERTIFICATION

- Certificate of accomplishment by NPTEL for Data Structure and Algorithm in Python
- Full Stack Development by Udemy
- Microsoft Azure AI-900
- Postman API Student Expert
- Foundations of Data Science by Coursera
- Getting started with python by Coursera

EXPERIENCE

- Full stack developer - USSACM
- Contributor - GirlScript Summer of Code 2023
- Software Engineer Virtual Internship - Goldman Sachs

ACHIEVEMENTS

- 36+ Microsoft Badges
- 15+ Google Badges
- Selected in Microsoft Azure App Dev Cohort 1.0
- Earned Pull Shark badge on GitHub
- Organized a tech hackathon in university
